Subtle Feet

anguished co-existence
What can we do?
We are appalled at the wallpaper
~~We think ourselves the [illegible] on the [illegible]~~ Jurors
We wear the feet of those
who found their Untroubled Body
Feet that are never tired.
Feet that cannot get disease,
Get run over
Be burned by angry crazy people
Be kissed by lovers
Starlight Feet Not Quite
Very Subtle Feet
But the screams out there
are so real - How can we deny them their
what if I get caught in the net of
the Foot eaters - How will I
feel if others call my screams a
dream, I'll hate them and their news.
oh - how to walk in these great feet!
