

Sun

Fate Morning Sun - comes for the wind
one then we said ~~the~~ ~~sun~~ ~~blows~~ ~~well~~
Winds of night where Sun blows well

Letters ~~at~~ night Sun sends through moon's eye
We sit ~~and~~ and deal inside

Looking out on cold sunlight

Sun rise and all the guys are grateful for the heat + light
Sun sets, the ~~lamps~~ are lit and on the dark side

Child of Rain sets at the space
Only soul that he shall know

Though we grow pale - Sun filters through
throughout every cell

In the cave as in the kale

Diamonds and ~~light~~ litewind the sparkling

Sunlight hit from the day
The ~~lamps~~ washes rise up
Hills not but through + whole

~~of~~ ~~the~~ ~~sun~~ ~~light~~ ~~is~~ ~~the~~ ~~whole~~
