Zig Zagger, the Clown

19/78

Once there was a clown named  
He didn't know what his name was  
He asked everybody who he could find  
But nobody knew it was a shame cause  
It's hard to be a clown with no name, Right?

One day he passed a lady and said by the way  
Do you know what to call me when you see my face  
Of course she said, Zig-zagger-Zig Zagger is your name,

~~The following~~ <sup>Next</sup> day Zig Zagger rode ~~his elephant~~  
~~the elephant~~ whose name he ~~couldn't~~ ~~recall~~  
his elephant - old what's his name  
again he asked around and people said  
just call him "Elephant." yes Elephant its awfully plain  
if you can tell by looking at his head.

He made the elephant to run + summersault  
Everyone got headaches it was not his fault  
It's just magic folks and if you can do it too - you all

Zig-Zagger jumped on a trampoline  
and he was magic

~~The~~ elephant jumped on a trampoline  
and he was magic

Everywhere that people went they jumped on trampolines  
and they were magic

and they said, yes were magic  
Zig-Zagger went to bed that night

and he was magic  
Zig Zagger woke up the next day saying  
"I am magic"  
Whatever he thought was true.
