Antidote to a lullaby

Am Cm, Cg
 Last night + sang you slow to sleep
 It was so sweet + it was so sweet Am
 But now's the time to turn it around Am/Ab
 Oh darling mine
 you need an antidote oh for this lullaby
 Breakfast is waitin' in the bowls Cm, Cg
 Now + capote eyes + capote Am Am/Ab
 Don't fight jump up open eyed
 oh darling ~~trust~~ trust
~~trust~~ ~~trust~~ this antidote oh to a lullaby

~~Oh
 Peace
 H.O.
 H.O.~~

Am
 Open your eyes - shake off the sleep
 Throw off the sheets + wiggle your feet + lean
~~stretch~~ stretch, but a bit
 yawning and then get yourself into it
 Hey don't hesitate in the great daylight
 and open your mind to this antidote
 to a lullaby

Am Cm, Cg
 That's right + see you squint at me
 you can't believe you're glad to be Am Am/Ab
 I can see you're eager to move them bones
 and I hear you sigh
 at this antidote oh to a lullaby
