Cool A Wful World

It's Sights + Sounds can't be explained
or measured
The best + the brightest since Jesus began have been fooled
Oh { Run tell your mother
By Jesus Cool awful world

Now you can take it you can shake it
You can tack it you can stack it
You can trade it you can make it sure
But the wisest + most honored
(Run tell your sister) Oh — Have been shocked once then
Thought you knew it thought you had it
Seemed like something grew it
Super Novas Quasars Jo Jo was
Stretching far beyond Jehovas
Oh Just to be a part of what goes by
It only Just But [illegible]
[illegible] Now don't get pissed
Son she said you got no idea
On all this darkness
how you think we got here girl
Run tell your brother Oh [illegible] Tongues a breathing fire
Neighbors and eyes hypnotize and claws
will shred us in her lap In the lap where
the great and glorious are coiled + curled
