First He

Ab

First he lost his watch
Then he lost his job
Then he lost his house
And his property
Then he lost his car
Then he lost the war
Then he was lost at sea

du

He was all washed up
On the Washington coast
The whale watchers saw him
Like a swollen ghost
~~It just didn't wash~~
Who knows what it was
But it didn't wash
People treat each other just like goats

Singing oh Auntie Gumbly
They can't take that away from me

~~Good and~~

He's a fool in love
He's wearing Errol's glove
He's got the Porter's sight
But he's got Bobby's eye
He's in the ~~White~~ Void
That ~~isn't~~ all enjoyed
He rides his Berserker bike
Through the Simon day.
