

I R S

~~Grant~~

E

Oh they'll take away the money (repeat)
That you've worked hard to earn (repeat)
and feed it to the robots who
are conquering the earth
~~They'll have no compassion~~
~~They'll have no heart~~ (repeat)
They just want their legal piece (repeat)
More hated than the Russians
More feared than the police

The I R S are Pig Fuckers

and we are the squealing pig

Oh they'll take away your house (rep)
" " " " " " hat (rep)
and feed you to their grooves
and feed you to their pits

Oh they'll grind your kids to dog food
Whatever they've been
They'd steal your very happiness
It could be the end
