

Now my baby's gone ~~to~~ and left me
Though it's only for a week
~~It's~~ it's so hard to have a lover
with a religious streak
~~I'll try hard to remember to remember~~
~~That she's doing it right~~
~~But that change that~~
I guess I'll ~~be~~ get enlightened
or at least be serene

Now my baby's gone and left me
for a ~~subject~~ ^{subject} session

Seven days, 7 days + 7 days, repeat - It's long when she's gone but I would watch TV

Now it cried as when she ~~told me~~ ^{turn to} ~~me~~ ^{or turn to}
But the tears were all inside ^{days}
For I wouldn't want to hurt her ^{and}
and of course I have my pride ^{7 hours}
So I ~~did~~ encouraged her, all pretended ^{minutes}
to be cheerful and detached.

But a week ~~is~~ without her with me
is like never coming back

Oh, love is forever
Session is but a week so I'll get by

Darling while you're gone
I'm sure that I'll survive
For I've got the locks of hair and photo too
Darling while you're gone
Remember I'm alive
~~And~~ and don't fall in love with the
guy next to you

The rain came out of nowhere
In a hundred year drought
The farmers were praising architecture
But I know what it's about
~~The rain that falls from heaven~~
For ~~my~~ attachment fills the heavens
Though we ~~parted~~ ^{parted} were strung alone
~~The~~ The primes all turn out as fools
When their ~~darling~~ leaves them lone

The rain that falls from there ~~will~~ stay
to ~~be~~ ^{be} the ~~rain~~ ^{rain} that I feel inside
