How will I

Fm Am Gt

I bet that I had never found about  
I seen a long time coming - I heard  
~~I would have been with the boat~~  
Gm C9 FM CM Gt

I had to run from the high point with the hatchet  
I had to take the row lower from the boat  
I had to take the row lower from the boat

I been a long time before - I been a long time before  
Nowhere I lie down by the river with the fish

then a lady with the finest eyes  
and offered me a ride across the bridge  
the boat can't run  
And she just  
said that you something I just didn't

been a long way coming  
3 times - last time

just a long way  
just a long way
