~~I got the most something else that to happen
 I had a cigarette in my hand
 I had a cigarette in my hand
 I had a cigarette in my hand~~

~~I had a cigarette in my hand
 I had a cigarette in my hand
 I had a cigarette in my hand~~

~~I had a cigarette in my hand
 I had a cigarette in my hand
 I had a cigarette in my hand~~

~~I had a cigarette in my hand
 I had a cigarette in my hand
 I had a cigarette in my hand~~

I turned to window ~~to~~ preyed to Oribe
 How could I mend all the places that Leah
 looked for an exit ~~or~~ something to get into
 Pretend to forget start discussing the sheets
 Swallow saliva Oh Lady Godiva
 let down her hair but I have one peak

Wish I were drinking and ^{drinking} ~~drinking~~
Begone this enmitie in her Bed
fisher or taking or quoshin or bitin
Somethin to me like
Not where one so fair could Claw

~~at me~~
~~Oh~~
Oh sayin Oh

Walk out on the ^{and} dearest Nervous of whores that
Can Make me so uncomfortable
Then Thinks of ~~his~~ my life and I see how its passin by
Oh so irreputable

But I'm sure mississ something / what is it a dumb thing
Then I think in look out ~~at~~ ^{grin} ~~at~~ ahead
~~Oh~~ a tap on my shoulder you're 2 minutes older
She places a boulder then over my head in said ~~Oh~~
