Do tell the sun only rises once a year
 What it lacks in quantity in the fondness ^{fly} ~~it~~ appears
 Please take this hourglass to remind you of our time
 It goes for 40 minutes then rings a little chime

Aurora Borealis and the stillness in the air
 You'll stand appreciating weather some more walk skin when
 Slid down ~~the~~ glaciers with your children in
 Still can't escape the radiation of sub-tropical wars ^{your arms}
