

# Who Did I Write To? 6/26/

Now tell me who did I write to  
when I went and wrote that letter  
I addressed it clear you  
And it's the best that I could do

Did I write it to your face?  
" " " " smile?  
To your hidden private place?  
To your thought stream to your wife?  
Now tell me who - did I write to

Did I write it to your head?  
" " " " heart?  
To your memory your bed?  
To your shadow to your star?  
Now tell me who - did I write to

Did I write it to your fingers?  
" " " " toes?  
To your odyssey your goddess slave  
Your doppelganger soul?  
Now tell me who - did I write to
