Been a long -

Herbert lives in jungle with the Big Apple Most the time or near
 Messerond with sculpture - found junk he is a villain
 He comes out twice or so a year
 you should a seen his welding scrap out on the farm
 He said this makes me feel like a kid
 I seldom get the chance but I go to town when I get it

Ch. II

Will was caught with some dope in his pocket
 on the wrong part of Texas his friend
 spent 7 fuckin years in some goddamn prison
 just when he was startin in a trade
 Now he's good at makin license plates
 and has stories that will blow your mind
 We met him at the airport Thursday
 in the morning at a quarter till
