

March Gift in the Plasted Box

Gift in a ^Eplasted ^Gbox + found ^D
 Not left there by the postman
 Not smelled out by police framed house
 Not were there footprints in the snow
 Who could guess what craft and thrust
 and plastered box round such a gift

Gift... Box
 Oh dear me
 Sit there now
 and speculate
 it really
 isn't very
 clear the
 clues
 just seem
 not to relate
 Not time
 nor passion
 strength
 nor wit
 are quite
 enough to
 figure it
 Not mathematic
 folderol
 not by fluss
 and not by gall
 Not known
 to hipsters
 or to jokers

Gift in the plastic box + took
 it to the lab to take a look
 they sent me to the pawn shop where
 they didn't know and didn't care
 then to the Pyshic who wasn't clear
 I wish it'd just been rocks or less
 and not this gift in the plastic box

 About the
 gift in
 the box!

Gift in the plastic box + took
 it to a friend who was a crook
 He sat there as his head he shook
 So I went to the scholar who reports a book
 I asked a chud who double took
 So I went to the city took off my hat
 and wanted to see a beaver chat
 He asked me what I'd showed him

Literally not a
 chance outfox
 the puzzling
 gift in box
 I see it now
 At me it
 rocks
 oh that
 awesome

then to the Pyshic who wasn't clean
I wish^{ed} it'd just been rocks or less
and not this gift in the plastic box

So I went to the city took off my hat
and waited to see a beaver hat
He asked me what I'd showed him
Oh he said and sent me to a rotten
