

Meet the Folks who Pay

They're putting down the hard working scientists
At Livermore and Los Alamos

Saying what they create will ~~be~~ ^{then} our way be aimed

But ~~look~~ ^{turn} away from those who get the glory

Go down to the ghetto Visit the Barrios

Meet the folks who pay

They're putting down the workers & the owners

~~From~~ ^{At} Rocky Flats ~~to~~ GE ~~to~~ Boeing

Saying what they make will bring an awful fate

But ~~look~~ ^{turn} away from those who make the money

Go out to the suburbs

Talk to people about their kids braces

Meet the folks who pay

They're puttin' down the dedicated officers

And the star-powered soldiers

Saying what they do no longer makes us safe

But ~~look~~ ^{turn} away from those who do our dirty work

Visit some old folks in ^{their} apartments

See how the fixed incomes are shrinking

Meet the folks who pay

They're puttin' down the driven politicians

And bureaucrats in their ~~positions~~ stations

Saying where they lead ~~is~~ is lethal & insane

But ~~look~~ ^{turn} away from those who have the power

Go out in the city people have

Ask ~~see~~ how much ~~they've~~ ^{people have} got left

Meet the folks who pay
