~~we~~ gotta be strong please remember the past
 when tyrants ran over who could resist
 If they take us on they'll turn to mist
 So don't be naive or let eyes like leave
 you would welcome to give ~~freedom~~ ^{you know} not free
 Would you wish your defences were gone?

We gotta be strong F G B B E B
 We gotta be strong but we don't wanna die
~~in a war~~ because this defence turns
 are we not hurling straight toward a great bye bye
 So just what is the threat is it them or else yet
 With we live to regret that we didn't ~~fight~~
~~in a world not so~~

~~that on~~ Every student of history ^{get hip} know it

We gotta be strong
 We gotta be strong + be prepared all day
 be vigilant + keep them scared
 There's not enough to be spread + shared
 We will not be outdone

We will stoop to no one
 We will not ~~let these~~ leave to ~~be~~
 Come and ~~take~~ ~~our~~ ~~land~~ what megatons do
~~they work~~ They'd get ~~them~~ ~~some~~

We gotta be strong
 We gotta be strong in a way that works
 We can find a way if we are alert
 A stab at survival wouldn't hurt

But more than that ~~and~~ to favor it
~~that's~~ ~~not~~ ~~to~~ ~~run~~ ~~to~~ ~~death~~ to turn ships into
 into the damn world and what else is there to do
 Bring me up ~~the~~ ~~and~~ ~~and~~ ~~we~~ ~~are~~ ~~scared~~
 and ~~to~~ ~~run~~ ~~to~~ ~~death~~ as the ~~hell~~ ~~would~~ ~~hustle~~

We gotta be strong to get ourselves out from ~~under~~
