Dear Trash
 When the days turn into hours
 What do you do trash
 I saw you in the shower
 They try to use Trash
 The ladies were all after some of you
 But you weren't there
 Dear Trash

I wonder how few felt like you ~~do~~ like I do B6
 Every minute leading to the next
 How few feel that way everywhere we go? G7
 Like pollen never finding rest ~~we~~ blow C7

 Dear Trash
 I met you after performance
 You really chided Trash
 Such a heatless form of enjoyment
 And very slick Trash
 You were almost dead but gentle too
 The best of you

(dit.)

Dear Trash

Is there anything but kindness

We can find ~~Trash~~ Trash

In this thorough blindness

Space and time Trash

Living in the alley we'll break through

Or maybe not

Dear Trash
