

# Lived On the Farm

(base as a gift)  
Repeat

Living on the farm  
Romantic as it seems  
happens all its charm  
When you can live in dreams  
Down by the compost  
Chickens at their feet,  
Steve and John turning,  
Dirt for us to eat

Living on the farm  
Ideal as it may be  
Would not keep us warm  
Without the city  
Up by the Bull Pens  
Mark and Tony Trey  
The Sparrows and the Gophers  
Died somewhere else today

French intensive thousands of flowers  
Cottages on highway one

Sitting by the cement creek

Just PA Dear fence almost done

PA Eucalyptus weeds beguile

PA Confidence fetus looms

PA Ocean waitin' not a myth

PA Single stands with folded hands

PA Around a brand new broom

Living on the farm  
Even though it's new  
Old Thomas Swann.  
Up behind me and you

(Just music)
