

Oh ALL I NEVER GET TIRED OF YOU

I never get tired of you
I never get tired of you
Well you know I got bad feelings too
But I never get tired of you

Ain't on no roller coaster ridin' up 'n down
Tryin' to make the time with another
diamond girl

Ain't on no trip of draggin round my
shoes 'n socks
Tryin' to find a crack of joy 'neath each
brick or rock.

Ain't about to tell you that I don't get
bored

Tryin' to spend the good karma that we
thought we'd stored

Ain't lyin' 'bout a thing although you
know

Never satisfied anywhere I go.

But by kindness and change
The feelings ain't
That I never get tired of you

Oh
