

# On the Way to Love Tonight

<sup>E</sup> On the way to love tonight  
<sup>A</sup> Battery's broke  
But baby brought the light  
<sup>E</sup> On the way to love tonight<sup>E</sup>

At the door of her embrace  
Lost my cool  
But she saved face  
On the way to love tonight

<sup>A1</sup> Honey tell me tell me how you feel  
<sup>F</sup> And where can I put this banana peel  
Who's that standin' behind the curtain  
Will he mind if I continue flirtin'<sup>B</sup>

Chuggin' along out of sight  
Lost our destination  
But we're alright  
On the way to love tonight

Deanie me is it just my 'magination  
Or do we share the same procrastination  
Angway love like on color TV  
Ain't for you and ain't for me

Dippin' down the Diprea trail  
Keep on your shirt or they'll throw us in jail  
On the way to love tonight
