

# Problem Solvin' Man

Lord Honey aint it true  
Cant keep up the way things move  
and even love seemed so far away  
when we tried to bring it home today

Keep on rowing

" " " " " " " "

going past your problem solvin' man

Lord Baby ~~it~~ can it be  
Nothin' works for you and me  
But even though we can't get it past  
Everything happens so exact.

Keep forgivin'

Keep on your mittens

" " " " " " " " sitin' with your prob. solv. man

INT. { Problem solvin' man sure is in a jam  
Down what he can't but not down what he can

Lord Sugar aint no way  
We can remember heas or say  
Every plan has met its ruin  
Our formulas have swayed and swooned  
Keep on beatin'  
Salt in sweatin'  
You'll be eatin' with your prob. solv. man

II INT.

Lord Darlin' it's all gone  
all that's left is this self song  
Something happenin' but I'm not here  
Try to keep our sense of humor  
Keep on sleepin' - Keep on keepin'  
Keep on weepin' with your prob. solv. man.
