

Drunk in the top hat 178

F
who is falling out
who is brushing off
Lays his hand this way looking that
tuck his heels, a pause - he scats
and who can look like that -
The last of 'em all - the Drunk in the top hat

Who lost all his power
Who sneaks round all hours
Part of this way later that
His ambitions had seen the low part
Fashions changed ~~the fact~~ ^{the fact}
~~you could see his best~~
~~the fact~~ ^{the fact}
the last of them all - the Drunk in the top hat
