

I'll give a damn (2/7/12/78

When give a damn Jesus  
Comes around

oh why get uptight - it is the middle of the night  
We should be sleeping or having fun  
We can take care of business in the light of the daylight  
There is no time to get anything done  
I don't give a shit if the world is filled in  
about such worries & will not make a sound  
I'll give a damn when
