

Dream of You

G7 C E7
Oh my doll, I dream of you,
Am C7
And the garden wall reveals you too
F Bb 7

In the wind that winds the blue
C

I remember who was there
Am
Who took the time the time to care
D7

To one so fair,
G7 G7+
to one so few, I declare hon

C E7
I love you, Yes I do
Am C7
In the clear, in our brew,
F Bb 7

And as your wings lift up into
C

I let you go to fly off where
Am
There is no need to have to wear
D7

The garment or the shoe
G7 G7+a
and dear indeed as memory bleeds

C E7
I'll long remember you, oh yes I will
Am C7
Into the veil, beyond the hill
F Bb 7

Until I fail here is my heart,
C

It will disappear but there you are
Am
There's no accounting for the stars
D7

That stare at us until
G7 G7+
we are the blinking slowly sinking

C E7
To the ocean then, to meet again
Am C7
As the family, flower, as the friend
F Bb 7

As the lion devours the prey,
C
Indra's dancing net within
Am

The changing partners, women men
D7
From children born anew
G7 G7+
such lands will lead us to

C E7
of all places always home
Am C7
Always touching, always lone,
F Bb 7

Freed by breath and held by bone,
C
You lift me and you blow out then
Am

A daffodil into the wind
D7
I'm floating out into
G7 G7+
the light and love throughout

C E7
Our new faces, always home
Am C7
Always touching, always lone,
F Bb 7

Always perfect, Always shown
C
And going on and on and on and on

And on and on and on
