Looking up above tonight - at the spread of brightening stars

Hints of wonder that recite - how wonderful you are

I love you for your eyes on me - I loved you from the start

Walkin' down the street alone - dog on leash that's trailin' free

Kickin' long a bouncing stone - where once you walked with me

Dm7 G Dm7 G
I love you for your gentleness - I love you for your warts

But in the end I love you friend - for you are pure of heart

Pen on paper light from lamp - stomach's growling goes unheard

C F C F
Late and tired dear here I am - a wrappin' up these words

Dm7 G Dm7 G
I love you for your mischief - I love you for your art

But why I still hold to this torch - is you are pure of heart
