

Come on Now Shirley 5/30/86

~~Shirley is a waitress in a downtown cafe
Gives up on guys and forgotten how to play
She had had a heartbreak
Got a scar in her arm from a man
Got a scar from a man in her arm
But Shirley honey don't throw it all away
You still can go for~~

Shirley
How much you
can respect
allow
oh sister
what's
respected
A

~~Yes it's alright alright
Shirley open your heart
Don't hurt others + they hurt me
A But I will try less desperately
Shirley sells refreshments at the Pussycat Theater
Her arm got a Pearl Divers scar
She made him more than her
and Shirley she got hurt~~

CH. Shirley open your heart to me

Now I have just arrived here on the Greyhound from Tulsa
~~and haven't found a well paying job so far~~
and got a job next door now tending bar
But I am so alone and it won't do you wrong

~~and if you don't want me I don't hope to be me could be some other
I hesitate to say so me what means I could be both~~
But I can feel by looking at you that we could be good to each other

Shirley first resisted but now we're at the Ocean
whose power seems to wash our fears out for
But her heart was in pain and she said never again
