

Rollin There we go! 6/86
~~Rollin~~ down that iron rail highway
Carried by the ~~man~~ noble beast
She leaves no ~~trails~~ tracks ^{FF} behind her
~~Rollin~~ ~~and~~ as we travel through the trees
There we go oh oh there we go ^A ^B ^G ^{FAK}

Woman ~~set~~ ^{legging} on my left side
Child is sleeping on my right
We sit there warmly holding hands
Passing through the Night

There we go oh oh there we go
Stop at stations ^B without names
Peoples faces carved with pain
Children playing ^B murder games
Angels by us all the way

Sunrise in ~~the~~ ^{the sacred} mountains
We ^{stare} marvel at the sight
Descending toward the city soon
~~Rollin~~ ~~and~~ ~~the~~ ~~clouds~~ ~~are~~ ~~gone~~
Where we will pray for light
