

Impossible I try to take you by the hand
if you turn into a Lesbian
I then become a fast
piece

~~The facts are self speaking from the past piece~~
~~Why do these so much~~

Am Aunt? Am
I'd sure like to take you
out to the place
that my friends say is the place
But other ^{can't} honey you're impossible

I'd sure like for things to sync
like you + me were a mix drink

^{Am I + d}
I say it's you - you say it's me
~~Should say~~ ~~but you say~~ ~~and pray to~~ ~~don't~~ ~~mean~~ ~~it's~~ ~~just~~ ~~like~~ ~~to~~ ~~say~~
We want to have each other near you could say
When we do you screw my ear

I'd go out + look for something better
I'd be lots of fun but sooner or later

you say that we can't change the sun
Or find it - got me by the thumb

Mayonaise in the P-Nut Butter
you're weird - this is the last straw

I may run + jump + dive at your feet
if you just trip over me

When I tried to figure you out / conclusion No Doubt
