Cross the desert out Western Texas
Tumbleweeds Possums
Meanwhile dust devils fly
What will become of the Rachacas and skandas
Fold the wast West Texas plains slay
Oh Glory
Oh glory, oh the wast West Texas plains slay
Oh glory

Not saying that Texas is better or bigger
That just where it happened to drive
So back to this expose let us consider
The radio stations give us
4 out of 5 are a salvation of Jesus
Who haven't a thing against
But soon turn it off and then find them
there waiting

Get up to Midland a ready for fiddlin with
While I was a piddlin around I heard some boots
I saw girls were dancing there out in the street
The song was catchy and I joined in the beat
To a down home four out Hillbillies beat
Too complex for the ears of
Home oh my sight

Oh glory (Ch)
