

~~Now I travel about~~ and meet various folks
 Some got their yogas and some got their yokes
 There seems no end to ~~the~~ good vibrations
 Either I've been fooled or it's always around
 There's no lack of desire to and and be clear
 I feel the good vibes whenever I'm near
 I mean folks in the truck stops and various of high sound
 Either I've been fooled or it's always around
 So what is he gettin' at you may ponder or ask
 What is he gettin' at
 So what am I gettin' at answer at fast
 Notthin I catch oh no notthin I catch

Oh we die off like flies even with health and peace
 But I never despise that we ~~are~~ being there
~~here about what it is and why I do this~~
 Either I've been fooled or it's always around
 If we're here or not what of it - do we ever leave the ground
 Either I've been fooled or it's always around
