Tres Bobos

Austin not a city where you'll find what you expect to get
must admit we really had a time
the folks are mighty gentle though they can get temperamental
if you've got a bent to change their mind
So we packed the car and headed out a cruisin down the road
Tres Bobos on the Way to Taos N. M.
the car a Honda and we put a bit upon the
luggage rack that totaled 300 lbs.
a bus for scouts in the back then all our luggage and my ax
We looked at it grimaced and muttered sounds
The lady squeezed into the rear with just enough room for her rear
We were Tres Bobos on the Way to Taos N. M.
If you are a TV fan I'm sure you'd prediate
all that pokes and happens when you're cramped and driven late
The Sun arose we stopped to eat our bones a creakin and
We made the waitress shake her head and left her full of doubt
across the planes there was dogs in tepees n rain
stopping every 30 minutes to pee
We told all our life stories it was well into tomorrow
Chatter chatter between the grumps in glee
Don't remember just what passed but we were tired n wired
Tres Bobos on the Way to Taos N. M.
in gassed and
