

Be With You 2/20

I've been waitin' all this day long
Tryin' ~~to~~ ^{to} penetrate ~~through~~ ^{through}
But you're returning I am squirming
Honey tin just burnin' up to be with you

I've been antsy yes Miss Nancy
Rememberin' anticipation too
Aunt resistin' hearts insistin'
and my hands are twistin' how to be with you

Oh - I've been trained to not get caught
By ~~pretty~~ lovely forms that tie a knot me to
I've learned to preceate ~~what comes~~
what comes and not to loose my way
to speculations dreams and craves
I've been humbled that's the savin' grace
in wanting you

Oh - but you're no form no more than I
I think we do not know fast what we be

Well be ~~the way~~ ^{like} each discreet thing
I'll be with you through
We'll be mindful of our time gal
Meanwhile I will pine gal just to be with you

We are dooped ~~that~~ but hear my June though
Here I go now ~~in~~ ⁱⁿ ~~the~~ ^{the} street clothes get
Walkin' down this road and how to be with you.
