I just Want to sing a song
I promise soon that I'll come in
Just take a minute to get in
Think of friend I Want to belong

I just Want to sing a song
I just want to be alone to whittle out some
In a jiffy I'll get spiffy please bear with me while I
I just Want to sing a song
Evening time when friends come by
Its time to sit around the fire + talk - awhile
also though there's times we must
Crawl in to hide and not meet a soul or Pal
