

When that lady comes to town
It's first ~~she rings the doorbell~~ ~~she rings the bell~~
and then ~~she rings the doorbell~~ ~~she rings the bell~~
I think about money
Open the door and she kisses me

Oh lady please sit down
I'll make us some tea
Oh lady how about FM?
~~our search for beauty~~ our ~~understanding~~

Oh lady hear me out
and I'll nod for three seconds
Don't mind ~~the fuss~~ ~~the fuss~~
Please feel free to read ~~and~~

See the lady in the crowd
Wonder where she's going
Really though I don't
study her alone
Her deepest thought is shown

Lady lady come to town
Lady lady out in the crowd
Lady lady under the shroud
Lady lady hear me out
Oh lady lady ~~body body~~ (repeat)
