Went ~~over~~ over to N. Beach to see my friend
~~and~~ + saw no ~~rope~~ hanging down from her window
~~Lulu's gone~~ Then I knew - Lulu's gone
Gone to Hawaii her daughter said
Packed her favorite paintings and took off
~~Lulu's gone~~ Wouldn't you - Lulu's gone

After I'd whistled on the deck
Then she would see me as few others do
Now no Lu - Lulu's gone
Soft (my) paintings from her hands
Now I must go ~~over~~ 1/2 way over the ocean
To see what's new - Lulu's gone

Lulu when you ~~play~~ ^{play} how you scare up all them trolls
Lulu then you ~~play~~ ^{play} how they all say there she goes!

I'll write no letter though she can read
Maybe a circle that's not complete
She'll know + knew - Lulu's gone
When did I see her - once a year
Probably she'll visit more often from Hawaii - To conclude - Lulu's gone
