

103 On the Night Before Halloween (My little Warlock) AB 10/79

Discarded leaves are brown
There's pumpkins all around
With the weirdest grass I ever seen

And My little Warlock's fast asleep
On the night before Halloween
Witches polishing their brooms
Devils are gettin' into June
Bats getting into their wings
and according to ancient laws comes the banshees their screams
The skeleton are out of the closet
warm up their

Black cat sleepin'
One eye open
Goblins dancin'
Gettin' antsy go & AB7

Kids with Sacring bells
They're campy and scared
contact very strongly and meet the strangest things

Tomorrow the ghosts are out
with vampires about
spirits between the seams
and come out
