

Please Don't Build No More Prisons 143
Governor Brewer 1/80

Please don't build no more prisons Gov. Brown
There must be other ways to get votes
I have locked up more poor folks
and please don't build no more prisons Gov. Brown

We got a lot of kids in prison Gov. Brown
Granted we shouldn't tolerate their crimes
But they just get better at it when they do time
and please

yes they just get better at it - or maybe I should say worse
They learn the ropes - we reinforce this epidemic curse
We're not so dumb to help them - there's a practical way to care
If we don't educate & trap among ourselves they'll educate them there

We got a lot of harmless folks locked up Gov. Brown
We can deal with the causes we can get tough
But behind the problems just not enough
and please
1st verse

Your deep intentions could be employed
For there are some that we need to deal with

Sure there's those who shouldn't go out
But they're not the ones that I'm talking about
and please
I know that your heart is
I know your heart is
I know your heart is
I know your heart is
