Whenever I think of him
~~and I wonder what he was~~
Where's he from and what's he done
Since we last hugged and hugged
and I send a message times at night
I hope ~~that he will~~ get through

Oh wherever you hear creature
won't you take me home with you

One day we sunk
~~Sometimes we~~ sunk him into school
and hope I'd not get caught

We let him take a
look about through a hole in my lunch box
He hoped to see so many birds
But when school day was through
He whispered ~~to us~~ so us
what he hoped was next
That we would do

Won't you take
me home with
you

We often look him to the movies
~~one day~~ He'd hide in a popcorn box
where we'd feed him candy though he'd rather chew on rocks
He ~~didn't~~ didn't move except to chew
the flats was ~~done~~ - He'd turn to us
and say ~~oh~~ and say

Go out you take me home
" " " " " " with you
" " " " " " its true
That's that's all I want so
→ Won't you take me home won't you take me home with you
