Wolves in the shadows - white teeth  
~~Snares~~

Chased back the boys + screamed the girls  
They ran all the way home

Soldiers rushing into death  
One wonders where the choice was made  
There they go - what for?  
Say the grumblers

~~When~~ When snares hang in the trees  
We all come out -  
Some with guns  
and some with loops  
to do our self and neighbors duty  
for the birds - for all  
to get the snares out of the trees

They say if ~~there~~ <sup>came</sup> monsters from outer space I  
they'd be a joining of our race  
~~that we would~~ ~~blow~~ ~~them~~ ~~away~~ all  
How could they say that how?

~~We are committing suicide now~~
