I hadn't seen

We drank coffee
ate peach pie
at the coffee shop

her for
2 weeks for

db We talked about our lives

She was in North Virginia

How much we could remember

And when we pull together close
there's no room left

Aer Em7

It seemed that it
was much the same
as if it hadn't ever happened

But there's always

Oh goodness darling what went
those years

and sitting in the coffee shop
we strike a welcome common
ground

to drink in those
that I appreciate her

I in the meeting of our clothes
and though we're hardly here

She knows that I appreciate her

all wondered about what was
then I told her and she appreciated it.

Drove to Auburn to see My Sweetie

lost in thought most the way

~~Just the fact had to call up~~
~~just before Sunday~~

just before Sunday I asked her how

had to call up she talked some

she was waiting for the car
hadn't seen her for

2 weeks she was in North Virginia

and as we pulled together close
in the meeting of our clothes

we started about welcome to

and though we're hardly here she knows

that I appreciate her

We drank coffee at Pecan Pie at the coffee shop
~~we~~ talked about our lives how much we could do

It seemed that it was much the same old never happened
oh goodness darling what about those years

and sitting up the coffee shop we

we wondered about what is what and thought I studied the
all that I could feel come up was
