

ON Budget

11/22/78

On the morning fore you came  
I tried hard to pronounce your name  
But all the times came out the same

~~Budget Budget Budget~~

anyway you didn't show  
I said you on a horse back though  
and tried to get you in the show

~~Budget Budget Budget~~

Budget met you in the market  
wedding your slacks long fur coat  
Walked you to your car you faked it  
Where such contraptions should you  
North that coat your body slim  
and energized with hose cloth

~~I would never say and right~~  
~~at last my darling you are mine~~  
~~so simple not my style~~

But might  
have wanted  
lady's tooth

I would never say and right  
at last my darling you are mine  
so simple not my style

~~Budget Budget Budget~~
