

7/78 | As the Wind off the Ocean Blows 6/8

A Late in the day we are putting away
as the wind off the ocean blows

Taking a step to the right and the left
and moving our hands in and out

Baths in the hot sun
to the kitchen and the water
as the wind off the ocean blows

As the wind blows

We may try to remember

We may try to remember

But then as it blows

~~We even forget to remember~~
" " " " " " a reef that's good
