

X You are assholes  
" " " (repeat)  
Big People  
Maybe we'll be assholes too  
But that's no excuse for you (X)

There's not enough food, clothing + shelter  
Being made with our wealth  
You're making <sup>too many</sup> weapons  
And too few friends  
GO FUGK yourselves  
~~You are dependent~~, X2  
There's no excuse, you know well  
You will surely go to hell  
X2

You're also <sup>slaves to giant robots</sup> ~~made us slaves~~  
Corporations + governments  
That's where all the wealth goes  
It's ridiculous

~~We~~ We forgive you X3  
You're still full of shit  
But you're all that we get  
X3
