rewrite 4/83 from a couple of years ago

~~Put the kids in the Motel bed  
They're so tired to jump out  
Bring a soft top from the car  
Have a drink~~

~~Then I was taking a bath and  
laying back to vegetate  
to like slipping my ~~back~~ ~~back~~ ~~back~~~~

Disregard it's wonderful  
though they let too many people  
LA is great and the folks there a Bud  
But just wish they'd use things more  
Run their shop more consistently  
Yet as cities go now really  
Well me who does

~~Put the kids in the motel bed  
They're so tired to jump out  
Bring a soft top from the car  
Turned on the TV got some use  
Made a couple drinks and  
brushing teeth - fits the sub~~
