

^C I love you daisy though all of our days
are cloudy and twisted and dry
^{Am} I love you daisy to share our delusion
and light that's unfiltered by eyes

^{Ebm} Sorry we're sleepy and sorry we're lazy
^{Em7} and sorry we're not better guys
^{Am7} Glad that we're here till we soon disappear
and for each little hint
There is love in the mix
That will be there to drink
In the heat of a blintz
as we ~~flounder and lunk~~ ^{Am7} flounder and lunk
It should be no surprise

oh I love you daisy ~~and~~ I love you ~~to say~~
That this love always comes from behind
I love you daisy without any claims
and a love that bumps but gentle buds

(Int.)
I love you daisy yes I love you dai
oh I love you daisy I do
I love you daisy yes I love you dai
oh I love you daisy I do
