

oh they say that a lady is a one kind thing  
such joy can bring  
does what only a lady can

oh it's true it's true  
but <sup>it's</sup> telling you  
that a lady's just another man

They say that a lady's got a special mind  
got her own sense of time  
Emotions just a lady understands

oh it might be so  
but ~~also~~ also  
a lady's just another man

a lady's just a lady when she thinks she's a lady  
Or somebody else thinks she's a lady too

A lady's just a lady in a tentative way  
Some guys say a lady is a lady  
like the General Grant or Queen for a day

There goes some  
~~and there goes some~~ a circus clown down the street  
There at the corner is some sugar baby sweet  
She might be just a hunk of meat  
Other times  
He gives a wolf whistle she shoots him the bird

Man just a lady who is Duprate down  
He might be a killer he might be a circus clown  
But when you strip the papers off and take him out of his can  
a lady's just a lady in a tentative way  
and a man is a lady and a lady's just another man
