

Rap for Elin

What have we done? I don't know how
But I'll tell you what I'd like to do
I'd like to look at your face and look at your eyes
I'd like to give you a big surprise
I'd like to get gushy us eating sushi
I'd like to put my hands on your tushie
I'd like to feel ya in feel ya out
I'd like to put my tongue in your mouth

~~Oh and here comes waji oh here comes jinko~~
~~I'd like to see her now she's sure not starting~~
~~curtains I'd like to~~
and what I'd like to do beneath

→ The gift I got you at the station
Oh and here comes waji oh here comes jinko
He's not ~~left~~ in she's not starting
curtain jinko Mr. T ~~comes in takes~~ back
Prepared for the Vibe attack
When jinko's juices start to pool

→ Waji swags and Waji drools
But what I'd like the most I must confess
Is simply to hear you say yes

← ~~SEAD~~ did you say anything about Soap?
When you soap me down
My eyes go round
But honey this beats off a 2 way street
From the parts swallow the gum
ALL I want to make you do is come
