I'm waiting for you with the sand  
of the ocean

I'm waiting for you with the sand of the ocean  
I am waiting for you with the sand of the ocean

Walked down on the beach  
A posse I planned to meet  
I ~~was~~ yelled ~~at~~ ~~me~~ ~~and~~ ~~she~~ ~~beyond~~ ~~there~~  
I'm sorry about what we've done to you  
We make you into yummy cat food  
Or teach you to jump through hoops  
~~like teaching a cat to jump through hoops~~  
I'm sorry what we've done to you

He said that a man don't sweat  
I can see you'd doing your best  
To us you're not just another pest  
I'm waiting for you with the sand  
He said don't think in your way we can be  
Don't get on our pluz us in your way  
We don't submit ~~to~~ like you say  
We're waiting for you in the sand

We'll spend billions on outer space  
Looking for another intelligent race  
God what would be their fate  
Or ours if they were found  
While here on earth we have some cousins  
Who are waiting to tell us something  
And they sing as they play with their friends  
I'm waiting for you with the sand
