

What have we done? 1/86

~~Destination LA~~ ~~but went all the way to San Diego Beaches~~
Talked and holdin hands, ~~OBVIOUSLY~~
Me and you coulda used the Hotel for Sleepin;
Had to get back to the driven and romance.
How eager to be so jangled,
Down such beautiful stuff.
The look in your eyes was delight + surprise!
Oh Elvin what ~~we~~ ^{we} have done!

~~From the top of the~~ ~~cliff~~ fell into ~~the~~ ~~heart~~ of the puzzle.
With the ~~cliff~~ waves and the breeze.
Telling in spellin our stories and written another
That sure is lovely to read
and when we'd been long gone asleep
there we are wakin up
Times we'd lock the doors when we'd finish our chores
Oh Elvin what have we done!

Hardly turned away to look at the lake at Tahoe;
Sages and sinners and losers and winners ignored.
Lookin at the past I can only gasp and say bravo!
and freight this tape to your door.

For now your friends are Manformin in for Cabbey;
you roam the snake alley dear,
with Strangers I sobbed and I sighed as your plane
Grew smaller and disappeared.
and as new wonder embles us, with we forget what it was.
So I'm writing these lines to remind us in time
Oh Elvin what have we done!

and maybe our babies will not bring us back!
But Elvin what have we done!
