

~~Girl~~ Girl from Perth Page 2000

I walk in round town ~~at a corner~~
Myself talkin to that girl from Perth
There was a warm breeze - my darn knees
Buckled at that girl from Perth
Took her driven in the country
It was somethin - sunny, bumpy
Then I ^E sittin alone, haul on the phone
A thinkin bout that ^E girl from Perth

Those looks sorta started at the party
Talkin bout that girl from Perth
What's more - on the dance floor
I talkin that girl from Perth
~~she walkin, ^E down the city street
puttin ^E eyes on that ^E perfect
then I, I ^E standin here workin on my dabeer
Drinkin to that girl from Perth.~~

Shell be in Queensland hard full of sand
Sun on that girl from Perth
Or in Darwin town shell burn it down
Look out for that girl from Perth
I'll get through the astral stream
To get to that rascal of my dreams
Now I'm drivin along
High on a song
Singin bout that girl from Perth
